The Naked Life is a coming of age story set against the backdrop of World War II. It is a captivating, visual and sincere memoir that traces Antonie's life from the age of eleven in Austria, to the work camps in Siberia, and on to Israel. The harsh brutalities of war are sliced by memories of first kisses and dances. The naked life is a life devoid of possessions, of home, of food, of civility, and sometimes of hope. But, in that naked life, with all excess whittled away and when expected the least, scintillas of human kindness wax brightest.
